RANBIR KAPOOR OPENS UP ON BRAHMASTRA; SAYS, 'HAD THE OPPORTUNITY TO CREATE OUR OWN MARVEL.'

Ranbir Kapoor and Alia Bhatt's *Brahmastra* is one of the most anticipated films. Directed by Ayan Mukerji and also features Amitabh Bachchan, Mouni Roy, and Nagarjuna Akkineni. It is written and directed by Ayan Mukerji and produced by Karan Johar under Dharma Productions. A few days back, the teaser of *Brahmastra* was released, giving a sneak peek of the entire cast and their characters. In a recent interview, the *Yeh Jawaani Hai Deewani* actor opened up about his upcoming fantasy adventure film.

Talking to *Variety*, Ranbir said: "It's deep-rooted in Indian culture, and we had the opportunity to create our own Marvel, which Ayan is trying to do with his Astraverse. Any film, any good, compelling story, made in your culture, authentically, in a true form, will connect to a large audience." Further, Kapoor said that he and Alia Bhatt were sitting and dreaming about this film with Ayan Mukerji and were also being soldiers to him. He said they are three best friends and are 'excited and privileged to be part of *Brahmastra*. "A part of this vision so selfishly as an actor that I would do it repeatedly," said Ranbir.
